

## The Leadership Circle

### at Westside Infant-Family Network (WIN)

The **Leadership Circle at WIN** is a distinguished group of individuals and corporations who invest in WIN's nationally award-winning work because they believe that quality programming coupled with innovation, fueled by ongoing investment, is the most effective means of changing the trajectories of Los Angeles' most vulnerable families for generations to come. Our *Circle Members* are engaged in change efforts locally and nationally, and guide and support WIN's mission through significant financial contributions and their strategic counsel.

**Leadership Circle at WIN Membership:** a gift of \$25,000 over the course of two years.

#### How our Leaders Make a Difference

WIN is the only program in Los Angeles—and likely in the country—that meets the complex needs of traumatized families by rallying the resources of the community, deeply integrating those services across agency lines, and bringing intensive care inside each family's home, according to their own needs. We heal children by healing whole families—and our services are not diluted by arbitrary time limits; instead, they are based on relationships and guided by the latest findings in neuroscience.

As a *Circle Member*, your financial contributions and counsel directly sustain WIN's award-winning, in-home therapy for young children and parents, as well as improve the systems and infrastructure that make WIN's unique cross-agency services possible. We measure the impact of your investment: twice yearly, you will receive a detailed evaluation of how your support has changed developmental, mental health and socio-emotional outcomes for children and their parents.

#### As a Leadership Circle Member, you will be:

- Recognized in WIN communications and on our website
- Invited to network with WIN Board and Leadership Circle members
- Recognized at WIN events
- Given VIP Access for 10 at WIN events

Our *Circle Members* are at the heart of making change possible for families, and at the forefront of helping WIN change the way our community nurtures its children. To explore membership in the Leadership Circle at WIN, please contact Anna Henderson, Executive Director, at [annah@winla.org](mailto:annah@winla.org) or (424) 258-0970.
